

Accessible Service

Each bus in the Rover fleet is lift-equipped, which means that all buses are accessible to passengers who use wheelchairs. Please note that while all Rover buses are wheelchair-accessible, all of the Rover bus stops are not wheelchair-accessible. Please become familiar with bus stops so you will be prepared and know what to expect; feel free to contact us for more information.

If a disability prevents you from using the regular Rover service, paratransit services also are available. Mid-Cumberland Regional Transit System (MCRTS), in cooperation with Rover, provides transportation service for persons with disabilities who, because of their disability, cannot use the existing Rover fixed route bus system. MCRTS offers wheelchair lift-equipped mini-buses with curb-to-curb service. This service is scheduled & provided at any requested time on a particular day in response to a request for service made the previous day. The operating hours are Monday through Friday 6 a.m. until 6 p.m., and the price for this service is \$2.00 per one-way trip. To schedule a trip, please call 615.890.2677.

Holidays

Rover operates Monday through Friday from 6:00 a.m. until 6:00 p.m. Service is not available on Saturdays, Sundays or on the following holidays:

- New Year's Day
- Martin Luther King Day
- President's Day
- Memorial Day
- Independence Day
- Labor Day
- Veteran's Day
- Thanksgiving Day
- Friday after Thanksgiving Day
- Christmas Eve Day
- Christmas Day

Note: If the holiday falls on a Saturday the legal holiday will be on a Friday. If the holiday falls on a Sunday the legal holiday will be on a Monday.

Rover Rules

These rules and restrictions are for the safety and well-being of all passengers, and the driver. Rover reserves the right to deny use of service for violation of these rules. Riders are expected to obey reasonable requests from the driver or any other authorized Rover representative.

- No smoking, drinking or eating. Littering is prohibited.
- Shirt and shoes must be worn. Personal radios, cd players, and tape players are allowed to be used only with headphones.
- No profanity or disruptive or lewd behavior is allowed. Fighting or threatening others is prohibited.
- No Soliciting or panhandling.
- Loitering on Rover buses or property without primary purpose of receiving transportation services is prohibited.
- No pets, excepting service animals, will be allowed on the bus.
- No bicycles are permitted on the interior of the bus. No hazardous materials are allowed, such as gasoline or car batteries.
- Do not stick hands, arms, or head out of window.
- Never cross in front of a bus. Do not stand in front of the standee line.
- Senior or disabled passengers must be able to show identification if using special fare.
- All children under 5 (school age) must be accompanied by an adult.
- Keep aisles clear, carts must be folded. Strollers should be folded and placed under or between seats, and the child held on the lap of the adult rider.
- Only two bags are allowed per passenger.
- Leave front seats open for older passengers and riders with disabilities.
- Keep feet off of seats. Do not take up more than one seat.
- Drivers cannot make change; you must have the correct fare to board.
- Be at the bus stop five minutes before the scheduled arrival time.
- Transfers are good only at the downtown transit center & Gateway/WSL.
- Please request your stop one block before you need to exit the bus.

Our goal is to provide a safe and pleasant trip while riding Rover. We appreciate your cooperation and assistance in keeping the Rover system clean, safe, and pleasant for all who ride.

9

Example 1

First determine if you are traveling inbound (toward the transit center) or outbound (away from the transit center). In this example the passenger is traveling toward the transit center so it would be inbound. Then, by looking at the map, determine your location. An easy way to do that is to use the time-point locations marked on the map with the letters A, B, C, D, E, and F. These are not actual stops but can be used to figure out the approximate time a bus will be at a certain location. In this case the passenger is located between locations E and F. The bus should arrive at this location between the times in column E and F. Always use the earlier times (E in this example) to judge when to catch the bus. To be sure you don't miss the bus you may want to be a few minutes early.
