Park Smart Event Schedule for Saturday

The Murfreesboro Police Department and the Murfreesboro Parks and Recreation Department are working together to increase awareness of park safety. The “Park Smart” campaign was initiated to increase crime prevention awareness at recreation facilities, greenways, and parks.

On Saturday April 16, 2016 from 9:00a.m. until 11:00a.m. the Police Department and Murfreesboro Parks and Recreation Department will be at the Old Fort Park speaking with park visitors and handing out promotional items that explain the “Park Smart” program.

Everyone plays a role in keeping our parks and recreation areas safe. Help everyone by reporting suspicious activity immediately. Call police at the non-emergency number 615-893-1311. The Greenway trailheads are open at daylight and close a half hour before sunset.

The media is invited to attend and speak with officers and staff.
