

Professional Car Wash Coupon Program

Murfreesboro Water and Sewer Department would like to encourage professional car wash businesses to participate in a program that will help insure good water quality of local streams. Fundraiser carwashes are a popular way of raising money in the Murfreesboro area. Unfortunately, the car washing is often located in an area that the wash water drains into storm drains and from there into a nearby stream. Although the city recognizes there are ways manage these car washes in a manner which don't pollute nearby waterways; the best solution to eliminate water pollution is to use the commercial car washes that route wash water to the public sewer.

A professional carwash can get involved by establishing a coupon program. The participating car wash can sell coupons at a discounted rate to charity groups, which in turn sell them for full price, keeping the price difference. The city of Murfreesboro would like to develop and encourage this program at local commercial car washes.

If you are interested in participating, please do the following:

- Develop your promotion and your coupons
- Fill out the Professional Car Wash Coupon Form and return to the address listed below.

The City will post your name as a participating car wash. While the City cannot endorse businesses, we can recognize those taking steps to improve water quality.

Current businesses participating in the car wash coupon program are:

Sudsy's Car Wash
1870 South Church Street
Murfreesboro, TN 37130
Phone: (615) 849-3072
Fax: (615) 413-5059

We hope to learn of a program of this nature at your business. If a program like this is already in existence, please fill out the Professional Car Wash Coupon Form and return to:

Robert Haley
Murfreesboro Water and Sewer Department
220 NW Broad Street
Murfreesboro, TN 37130
