Electrical and/or gas permits are required when connecting them to equipment/fixtures. An electric contractor licensed with the City of Murfreesboro is required for the electrical wiring of the appliances.

I hereby certify that I have read and examined this application and know the same to be true and correct. I understand that his work will be inspected for compliance with State and City laws and ordinances governing this type of work and agree to abide by the same whether specified herein or not. I further understand that the granting of a permit does not give authority to violate or cancel any provisions of any law.
