Meeting was called to order at 8:00 a.m. in the Room 218 at City Hall. A prayer was led by Mr. Don Turner.

The minutes from the December 14, 2022, meeting were presented for approval. As there was not a quorum present, voting on approval of the minutes was tabled for the time being.

An update of the Old Fort Golf Course renovation was given. Staff plans to present the CIP funds transfer to Murfreesboro City Council next week to ensure funds are available for the project to be bid. Mr. Robert Sain suggested a motion of support for the renovation project on behalf of the Golf Commission. Since there was no quorum, voting on the recommendation will have to take place at the June meeting.

A list of upcoming golf programs and tournaments was distributed. Greens aerification will take place April 10-12, 2023. Spring will be a busy time for Old Fort Golf Course.

Greens fee rates were discussed. Mr. Adams has contacted areas courses to get their rates. He compiled a chart of those rates compared to the rates at Old Fort Golf. A gradual increase was suggested rather than a large increase all at once after renovation.

Signage at Bloomfield Links was finalized and ordered on February 15, 2023. It is currently in production and is slated to be installed soon. The Tennessee Golf Foundation will reimburse for half of the cost of the plaque.

The next Golf Commission meeting will take place June 7, 2023. No further business for discussion, the meeting adjourned at 8:45 a.m.

A handwritten signature in cursive script, reading "Don H. Turner", is written over a horizontal line.
